

# Bethesda Child of the Month

November 2015

## Z. A.

This little one is now the youngest child at Bethesda. He is just over one year of age and is the youngest of a sibling group of 5 children who recently joined our Bethesda family.

He is sleeping very well now as he cried in his sleep quite often when he first arrived. His mom says that he LOVES to eat and he has put on some weight.

He is walking now and loves to play with small cars and soccer balls. He finds it very difficult to be still (unless he is asleep). Z has discovered that running around and exploring his home, the yard, the playground and anywhere else is what he really loves to do! He thinks that it is great fun when someone chases him too.

He is very protective of his new mommy and daddy and is very attached to both of them (as they are to him!).

The older girls in his house love to take care of him and mother him so he is getting a lot of attention. We are very thankful God brought him to Bethesda!!

Awwwww....T's new brother, Z.A.!

**Please pray for Z**

**\*That he will continue to grow and develop well**

**\*That he will grow in his understanding of the amazing God who made him.**
